Important News Gathered from Abroad for the Benefit of Our Readers.

Mrs. Waller Sharp, wife of a large tobacco dealer, died Saturday at Sharpsburg.

The Committee on Episcopacy recommended to the Southern Methodist Conference that three new bishops be elected, and the report probably will be adopted.

Three hundred and twenty pension bills were passed by the House Friday in one hour and a half. This record has never been equaled in the disposition of pension legislation.

Fred L. Parry, editor of the Indianapolis Sun, was sent to jail for thirty days by Judge Fremont Alford because of criticisms of a decision by Judge Alford, which had appeared in the newspaper.

Former Gov. Robert L. Taylor Saturday defeated senator E. W. Carmack by a majority approximating 20,000 in the Democratic primary for the selection of a candidate for United States Senator from Tennessee.

James D. McClintock, formerly a prominent Republican at Paris, but who was read out of the party by the County Committee, has brought suit for \$25,000 damages, joining the members of the committee as defendants.

Gen. G. C. Wharton, C. S. A., is dead at his home at Radford, Va., aged eighty-two years. He was one of the best-known and most prominent citizens in Southwest Virginia. He had done much for the development of the coal fields.

President Roosevelt will attend the formal opening of the Jamestown Exposition next year and will deliver an address on that occasion. The invitation was extended to the President by Henry St. George Tucker.

With the gradual return of normal conditions the military force in San Francisco is being reduced. Gov. Pardee will not call a special legislative session until a definite program for legislation has been mapped out.

The property of the Morehead and West Liberty railroad, in Rowan county, will be sold in Morehead, Monday, June 11. The order of sale was asked for by mechanics, who hold a lien for construction, and was granted by Federal Judge Cochran in Mayville.

The Methodist Conference in the South was asked to adopt a law requiring ministers to give up the use of tobacco upon ordination. The conference also considered a resolution calling on the United States to interfere in the Congo Free State.

At a conference had by Senator McCreary with Brig. Gen. Mackenzie the latter gave out the statement that of the fourteen locks required on the Kentucky river, beginning at the Ohio, ten had been completed, and that the remainder would be finished as early as practicable. The work on Big Sandy river was reported as satisfactory.

On last Saturday night Mrs. Bob Jennetta presented her husband with triplets, the last three making a total of twenty children in the family. She was attended by Dr. W. R. Barr, who reports them to be fine, healthy children, two girls and one boy. The father is a cropper on Philon Elliott's farm, a short distance from here, in Simpson county. This rare occurrence is positive proof that there is no "race suicide" in this family, and no doubt President Roosevelt will be notified.—Auburn Advocate.

In a bitter attack on President Roosevelt in the Senate Saturday Senator Bailey charged that the executive had surrendered his position advocating "an effective measure," and had abandoned his demands for tariff revision. The Texas Senator charged that the President's arraignment of trusts had been made after his election and that before that

time he had been as "silent as the grave" on the subject of regulating the railroads. During the day Senator Tillman read a statement showing, as he termed it, the President's "change of front" on the Rate Bill.

More than two hundred funerals were held Sunday in Greater New York, a settlement of the strike of the drivers having been made, after an all-night conference with the union.

The big plant of the New Orleans Naval Stores Company, at Gulfport, Miss., was destroyed by fire Saturday. The loss was \$400,000. Six acres covered with resin burned.

Dr. J. N. McCormack, secretary of the State Board of Health, has issued a card denying that he has any intention of becoming a candidate for Governor of Kentucky.

The heirs of the T. A. Jones estate, near Nobob, have sold the Veneer Mills Company, of Louisville, one poplar tree for \$150, the logs to be delivered in Glasgow. The tree has been cut and made three logs twelve feet and two fourteen feet long. The first log measured five feet three inches at the small end.

The files of the index clerks at the State Department show that the first session of the Fifty-ninth Congress has broken all records in the matter of completed legislation up to this moment. Already more than 3,000 laws have been enacted, which is between 700 and 800 more than in any preceding session up to the beginning of the month of May. The greater part of this mass of law was made up of bills of a private nature, and only about 250 of the total enactments were general laws.

Mrs. Ruth Cantel, wife of the General Overseer of the United Kingdom for the Christian Catholic Church, died in Zion City despite the prayers of General Overseer Vollra, Deacon Speicher and a number of elders. The woman's death was attended by extreme agony, but no physician was summoned to attend her, only the nurses of Zion City being present in addition to the praying elders. When her illness assumed an acute stage early today the frightened nurses, following the custom of David's church, sent for a number of elders to pray over Mrs. Cantel, that her life might be spared, but she steadily grew worse and her screams were heard far beyond the walls of the house where she was dying.

New York, May 14.—Carl Schurz, widely known as a publicist and former Cabinet member, died at his home in this city at 4:35 o'clock this morning. Death was due to a complication of diseases following an attack of stomach trouble, which became acute on Thursday last. In spite of brief periods of seeming improvement Mr. Schurz slowly failed and yesterday afternoon sank into a state of coma, which continued until the end. At the bedside were his son, Carl D., and two daughters, Marianne and Agatha, Edward L. Pretorius, Mr. Schurz's business partner, and Drs. Jacob and Strauss. Mr. Schurz was seventy-six years old, having been born in Cologne March 2, 1829.

Owingsville, Ky., May 12.—A west-bound freight on the Chesapeake and Ohio railroad jumped the track at Preston, this county, last night, and nine cars were wrecked, some of them being smashed to splinters and all piled together in a shapeless mass. Two of the cars were loaded with sugar in bags and barrels which was strewn along the track for two hundred yards, and almost a total loss. Two cars were loaded with hardware, which was scattered along the track and through the woods for half a mile. One car-load of soldiers' clothing was also scattered on the ground. Other cars were loaded with valuable freight, much of which was lost as looters got in their work early and late despite the watchmen. This accident took place on the spot where cars left track, overturned and burned Conductor Miller to death, a few weeks ago.

Drilling in the eastern and southeastern Kentucky oil fields is gradually assuming greater proportions, new companies entering those fields having increased the amount of development work. In the Floyd-Knott division of Eastern Kentucky several new rigs have been located, each one signifying the expenditure of several thousand dollars in the oil development industry. C. H. Dimick, of Parkersburg, W. Va., has located two

or three drills for test purposes in outlying districts of the Beaver Creek field of Floyd and Knott counties, while the New Domain Oil and Gas Company (Standard) has several rigs in operation in the Beaver field proper. Excellent strikes are made there weekly. A new concern of the past few days is the Ford & Flanagan Oil Company, which is preparing to develop property in the eastern field. This company is made up of Kentucky operators and capitalists. Several wells will be drilled during the next few weeks.

As Senator Tillman's statement of how the President deserted without notice the Democrats he had made his allies in the rate-bill legislation and agreed to the called "Allison amendment," agreeable to Senator Aldrich and the railroads, is left practically unanswered, the verdict in Washington being for Tillman and against Roosevelt. The President's vehement denial that he criticized Senators Spooner, Foraker and Knox does not cover the ground, and this is all of the Tillman statement that has been denied. Two vital facts contradicted are that the President allied himself with Tillman to pass a bill for limited court review, and deserted Tillman for the Allison amendment, which provided the opposite.

Washington, May 12.—The Senate Committee on Inter-oceanic Canals is in a deadlock on the question of the type of canal to be recommended. The question was taken up today, and the vote showed five for a sea level canal and five for the lock type recommended by the minority of the Board of Consulting Engineers. There were two absentees, Senators Gorman and Carmack. The latter telegraphed from Tennessee instructing the chairman to count his vote for the sea level type, which has made a majority against the lock canal desired by the administration. After wrangling for an hour over the question of accepting the vote of Senator Carmack, the committee adjourned until Wednesday night.

The vote today was as follows: For Sea Level—Kittredge, Platt, Ankeny, Morgan and Talliferro. For Lock Type—Millard, Hopkins, Dryden, Knox and Simmons.

An effort was made by Senator Kittredge to vote Senator Carmack, but objection was made. It was argued that this course would be unprecedented, inasmuch as the Tennessee Senator has not attended any of the hearings. Senator Gorman, who has been ill since the hearings were begun, has made no request that his name be voted. If Senator Carmack should return to Washington before the meeting Wednesday undoubtedly the decision of the committee will be in favor of a sea level canal. If the question were submitted to the committee whether his vote should be counted, it is said that the sea level advocates would win.

Lexington has invited the Southern Baptist convention to meet in that city in 1907 and a large delegation has gone to Chattanooga to urge an acceptance of the invitation.

As a result of criticism of J. J. Peel by Louis Plucher in the Kentucky Democrat, the men engaged in a fist fight at Nicholasville. Plucher was worsted, and drawing a revolver, shot Peel twice. He probably will die.

DO NOT BE IMPOSED UPON.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for FOLEY'S Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by Louisa Drug Company, Louisa, Ky.

As You Like It

That is about the way The Mutual Life Insurance Company of New York issues policies in these days of varied requirements in business and family life.

The postscript to a letter written by Mr. Ebe Walter, of Clarksville, Del., enforces this thought:

"The policy which I particularly like about my policy is that the longer I live the more I get and that during the last of my life there is nothing more for me to pay."

What Mr. Walter did take was a dividend check for \$196.93 on the paid-up policy of a \$1,000, which cost him all told \$48.02. He says:

In writing for terms for a policy of this kind, state what you would like to receive in cash at the end of limited payment period, amount you would like your beneficiary to receive in event of your death, and give your age.

THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK

RICHARD A. MCCURDY, President.
